SOP-1

Daytime Readiness Posture

Red Alert SOP — For buildings WITHOUT a Mamad / Mamak

On Your Person

Phone ..... **CHECKED**

→ volume ON | location services ON | Red Alert app installed

Configured for your area, notifications enabled

Red Alert **browser extension** active ..... **CHECKED**

Set to correct alert area; computer not on mute; tested recently

Keys on person ..... **CHECKED**

Front door key accessible — do not leave locked inside

Wallet and **ID** (Teudat Zehut) ..... **CHECKED**

Closed-toe shoes suitable for running ..... **CHECKED**

Not sandals, slippers, or barefoot — you may need to sprint

Glasses / contacts (if needed) ..... **CHECKED**

Go Bag & Exit Route

Baby carrier by front door (if applicable) ..... **CHECKED**

Wrap or structured carrier — hands-free evacuation is far faster than a stroller

Go bag packed and positioned by door ..... **CHECKED**

Daily **bag check** completed ..... **CHECKED**

→ medications | charged torch | water bottle | phone charger | copy of ID

Hallway and **exit route** clear ..... **VERIFIED**

No furniture, shoes, or items blocking path to front door

Front door can be opened quickly ..... **VERIFIED**

Not double-locked or chain-latched

Situational Awareness

Nearest **3 shelters** — locations and routes ..... **VERIFIED**

Walked the route recently; know backup if primary is locked

Time to shelter for your area ..... **VERIFIED**

Check HFC Alerts tab for your locality

Protected space priority order ..... **VERIFIED**

Mamad > Shelter > Inner stairwell > Inner room (see decision flowchart)

Children / dependents — current location ..... **CHECKED**

Ready to move them or confirm they are in a protected space

News / situation scan ..... **CHECKED**

Every ~3 hours; adjust posture if escalation detected

DISCLAIMER: Not an official government resource. Use at your own risk. Based on HFC (Pikud HaOref) publications as of 12 Mar 2026. Official guidance: oref.org.il.

SOP-2

Nighttime Readiness Posture

Red Alert SOP — For buildings WITHOUT a Mamad / Mamak

Before Bed Setup

News / situation scan ..... **CHECKED**

Check current threat level — assess if it is safe to sleep at home tonight

Phone ..... **CHECKED**

→ charging | volume ON | location ON

Red Alert app active; Do Not Disturb OFF or alerts whitelisted

Clothes laid out by bed ..... **CHECKED**

Full outfit ready to throw on in seconds — shirt, pants, underwear

Closed-toe shoes by bed ..... **CHECKED**

Ready to step into immediately; not across the room

Torch within arm's reach ..... **CHECKED**

On nightstand — not buried in go bag

Glasses by bed (if needed) ..... **CHECKED**

Same spot every night — grab without thinking

Keys accessible and in known location ..... **CHECKED**

By bed or on hook by front door — not buried in a coat pocket

Go Bag & Exit Route

Baby carrier by front door (if applicable) ..... **CHECKED**

Wrap or structured carrier — you may need both hands free

Go bag packed and positioned by door ..... **CHECKED**

Infant supplies in go bag (if applicable) ..... **CHECKED**

→ pacifier | bottle/formula | nappies | wipes | muslin/blanket

Medications in go bag ..... **CHECKED**

Power bank on charge ..... **CHECKED**

Near go bag or by front door

Hallway and **exit route** clear ..... **VERIFIED**

Can navigate in the dark without tripping

Front door can be opened quickly ..... **VERIFIED**

Not double-locked; key at hand if needed

Sleep Conditions

No earplugs — hearing must be clear ..... **CHECKED**

You must be able to hear the siren and phone alert

Protected space priority order ..... **VERIFIED**

Mamad > Shelter > Inner stairwell > Inner room (see decision flowchart)

Route to nearest **shelter** — walkable in dark ..... **VERIFIED**

Have you walked it at night? Know alternate if primary is locked?

DISCLAIMER: Not an official government resource. Use at your own risk. Based on HFC (Pikud HaOref) publications as of 12 Mar 2026. Official guidance: oref.org.il.

SOP-3

Escalation Readiness

When the security situation deteriorates — 72-hour preparation

Water & Food (72 Hours Minimum)

Water — 3L per person per day × 3 days ..... CHECKED

Sealed bottles; stored in protected space or by go bag; replace every 3 months

Water for infants — extra for formula prep ..... CHECKED

Bottled water suitable for babies; enough for 72 hours

Non-perishable food for 72 hours ..... CHECKED

Canned goods, crackers, dried fruit, energy bars — no cooking required

Baby food / formula / snacks for 72 hours ..... CHECKED

Pre-measured formula; pouches; age-appropriate snacks

Pet food for 72 hours (if applicable) ..... CHECKED

Manual **can opener** + disposable plates/cutlery ..... CHECKED

Power & Communications

Power banks fully charged ..... CHECKED

Enough to charge all phones for 72 hours

Battery-powered or hand-crank **radio** ..... CHECKED

For updates if internet/cell goes down; test batteries

Spare **batteries** (AA, AAA, torch) ..... CHECKED

For torch, radio, and any medical devices

Car — at least half a tank of fuel ..... CHECKED

Fill up before stations get crowded

Cash on hand ..... CHECKED

ATMs and card readers may go offline

Medical & Documents

Medications — 72-hour supply in go bag ..... CHECKED

→ prescriptions | inhalers | insulin | EpiPens | printed prescriptions

First aid kit stocked ..... CHECKED

→ bandages | antiseptic | painkillers | personal medical supplies

Copies of essential **documents** in sealed bag ..... CHECKED

→ ID | passport | licence | insurance | medical records | baby vaccination booklet

Household & Comfort

Torches checked, batteries fresh ..... CHECKED

One per room + one in go bag

Blankets or sleeping bags ..... CHECKED

For sheltering; nights can be cold

Change of clothes for each family member ..... CHECKED

In go bag or protected space; include warm layer

DISCLAIMER: Not an official government resource. Use at your own risk. Based on HFC (Pikud HaOref) publications as of 12 Mar 2026. Official guidance: oref.org.il.

Hygiene kit ..... **CHECKED**

→ toilet paper | wipes | nappies | sanitiser

Activities for children ..... **CHECKED**

Colouring books, games, stationery — shelter waits are long for kids

Fire extinguisher + smoke detector ..... **CHECKED**

Gas supply ..... **CHECKED**

Private home: ensure spare tank is full. Shared building: verify communal tank is more than half full

Readiness Actions

All **household members** briefed on plan ..... **CHECKED**

Shelters, roles, what to grab

Shelter check completed ..... **CHECKED**

Nearest shelters verified, routes walked, access confirmed

Go bag fully packed and by the door ..... **CHECKED**

Ready for sheltering-in-place and evacuation

Emergency contacts list printed ..... **CHECKED**

Family, neighbours, doctor, insurance

Daytime + nighttime postures activated ..... **CHECKED**

Switch to full readiness — see posture checklists

SOP-4

Shelter Check

Find and verify your nearest shelters BEFORE you need them

Identify Shelters

Nearest **public shelter** — location identified ..... **CHECKED**

Check municipality website, building committee, or neighbours

Second nearest shelter — location identified ..... **CHECKED**

Backup in case primary is locked or full

Third nearest shelter — location identified ..... **CHECKED**

May be a public building with a Mamam (institutional protected room)

Building **stairwell** assessed as fallback ..... **CHECKED**

Windowless? Which floor is safest? Clear of obstacles?

Verify Access

Primary shelter physically visited ..... **VERIFIED**

Some shelters are locked; verify you can get in or know who has the key

Secondary shelter physically visited ..... **VERIFIED**

Opening hours / access restrictions known ..... **CHECKED**

Some shelters are locked at night or require a code

Key holder or access code obtained ..... **CHECKED**

Building committee, municipality, or designated keyholder

Shelter is **maintained** and usable ..... **VERIFIED**

Not used as storage, flooded, or blocked — report issues to municipality

Know the Route

Route to **primary shelter** — walked and timed ..... **VERIFIED**

Can you make it within your area's time-to-shelter?

Route to **secondary shelter** — walked and timed ..... **VERIFIED**

Route walked **at night** ..... **VERIFIED**

Is it lit? Can you navigate it in the dark with a torch?

Route is **step-free** or accessible (if needed) ..... **CHECKED**

Kerbs, stairs, uneven ground — can everyone in your household make it?

Obstacles identified and noted ..... **CHECKED**

Locked gates, construction, narrow passages

Time to Shelter

Time to shelter for your area — looked up ..... **VERIFIED**

Check HFC Alerts tab at oref.org.il — enter your locality name

Realistic **time test** completed ..... **VERIFIED**

Timed yourself and family at a fast walk, not a sprint

If shelter NOT reachable — **fallback plan** set ..... **CHECKED**

Inner stairwell or inner room identified and prepared

DISCLAIMER: Not an official government resource. Use at your own risk. Based on HFC (Pikud HaOref) publications as of 12 Mar 2026. Official guidance: oref.org.il.

SOP-5

Readiness — Elderly / Mobility Limited

Red Alert SOP — For buildings WITHOUT a Mamad / Mamak

Protected Space Setup

Protected space pre-selected and practised ..... **VERIFIED**

Identified from every room; practised reaching it

Bed or sofa repositioned against inner wall ..... **CHECKED**

Below window line, not facing door — for those who cannot move quickly

No **shelves or heavy objects** above bed/sofa ..... **CHECKED**

Routes to protected space **cleared** ..... **VERIFIED**

Rugs, plant pots, chairs, cables — anything that could trip or block a wheelchair

Grab rails or support along the route ..... **CHECKED**

Wall-mounted rails, furniture positioned for support, walker accessible

Equipment & Supplies

Wheelchair / walker / mobility aid within reach ..... **CHECKED**

Charged if electric; not folded away in a closet

Phone within arm's reach at all times ..... **CHECKED**

→ charged | volume ON | Red Alert app active

Medications in protected space or go bag ..... **CHECKED**

Especially time-critical: insulin, inhalers, heart medication

Chair positioned in stairwell (if applicable) ..... **CHECKED**

For sitting during the 10-minute wait

Torch within reach ..... **CHECKED**

Especially important if mobility is limited in the dark

Support Network

Buddy system arranged with a neighbour ..... **CHECKED**

Someone who will check on you or help you move when the siren sounds

Neighbour has a key or knows how to reach you ..... **CHECKED**

Emergency contacts saved and accessible ..... **CHECKED**

Family, neighbour buddy, building committee

Family members know the plan ..... **CHECKED**

Who helps whom, who grabs what, designated roles during a siren

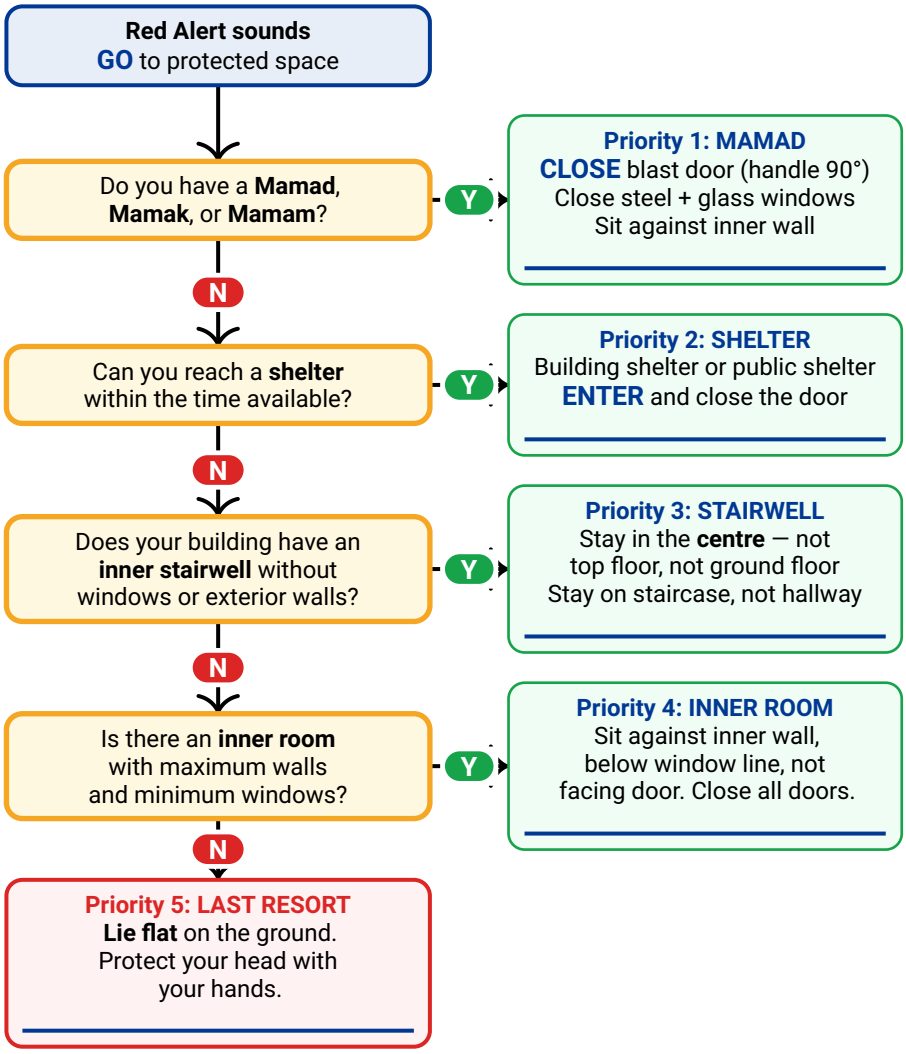
DISCLAIMER: Not an official government resource. Use at your own risk. Based on HFC (Pikud HaOref) publications as of 12 Mar 2026. Official guidance: oref.org.il.

SOP-8

Choosing a Protected Space

Decision Flowchart — Home Front Command Guidelines

When a Red Alert sounds, follow this chart. Choose the **highest-priority** option you can reach **within the time available**. Always **wait 10 minutes** before leaving.



Stairwell positioning: 3+ floors: at least **2 floors above you**. 3-storey building: **middle floor only**. Stay **on the staircase**, not in the hallway. Poured concrete structural core — proven to save lives.

Mamad sealing: Close blast door tightly (handle 90°). Close external **steel** window and internal **glass** window. If glass window has two wings: **remove both wings** during escalation periods and store outside room (they cannot seal properly when closed).

NOT valid protected spaces: Kitchen · Bathroom · Toilet · Building entrance lobby · Caravans / prefab structures · Areas with ceramics, porcelain, or glass that could shatter

DISCLAIMER: Not an official government resource. Use at your own risk. Based on HFC (Pikud HaOref) publications as of 12 Mar 2026. Official guidance: oref.org.il.
